

## CONTENTS OF VOLUME III.

	Page
MEETING AT WAKEFIELD, March 8th, 1849-	
"On the Fossil Flora of the Carboniferous Epoch, with especial Reference to the Yorkshire Coal Field," by Mr. Henry Denny, A.L.S., of Leeds	
MEETING AT DONCASTER, August 29th, 1849-	
"On the Formation and Destruction of Limestone, and some of the Minerals which accompany it," by James Haywood, Esq., of Sheffield	61
"On the Growth and Manufacture of Chicory," by George Wilkinson,	O.
Eaq., of Broom Hall, near Sheffield	75
by James Haywood, Esq.	78
"On Ivory, as an Article of Manufacture," by George Dalton, Esq., of Sheffield	87
"On the Growth of Wheat in Relation to Climate and Temperature," by the Rev. William Thorp, of Misson	98
MEETING AT HALIPAX, June 6th, 1850-	
Address of the Chairman	109
Electric Light," by Mr. Christopher Leefe Dresser, of Leeds "On some Phenomena of Dia-Magnetism, with Experiments," by	110
William Sykes Ward, Esq., of Leeds	114
MEETING AT BARNSLEY, October 29th, 1850— Statement of Accounts  "Comparative View of Circumstances attending some of the Explosions in Coal Mines," by William West, Esq., F.R.S., Assoc.	138
Civ. Eng., of Leeds	138

	Tago
"On the Existence of Four Crystalline Species of Carbon," by H. C. Sorby, Esq., F. G. S  "On a New Gas Stove," by William Sykes Ward, Esq  "On the Excavation of the Valleys in the Tabular Hills, as shown by the Configuration of Yedmandale, near Scarbro'," by H. C. Sorby, Esq  "On Fuel: its Nature, Value, and Application," by W. L. Simpson,	159 168
Esq., C.E., Thurnscoe Hall, Doncaster	173
MERTING AT SHEFFIELD, June 5th, 1851-	
"On the Microscopical Structure of the Calcareous Grit of the Yorkshire Coast, by H. C. Sorby, Esq., F.G.S"  "On the Use of the Barometer in Coal Mines, and a Cheap Form of Instrument for that Purpose," by Wm. Sykes Ward, Esq., F.C.S.,	197
of Leeds	206
"On some Phenomena and Experiments upon Capillary Attraction," by Mr. Thomas J. Pearsall, F.C.S., of Leeds	209
MEETING AT BRADFORD, October 17th, 1851-	
Statement of Accounts	213
"Description of a Direct-Acting Steam Fan for the Better Ventilation of Coal Mines," by J. Nasmyth, Esq., of Patricroft, Manchester "Description of the Fan erected for the Ventilation of the Hemingfield Pit, belonging to Earl Fitzwilliam, at Elsecar," by B.	214
Biram, Esq	215
J. Nasmyth, Esq., C.E	218
"On the Contorted Stratification of the Drift of the Coast of York-shire," by H. C. Sorby, Esq., F.G.S.	220
MEETING AT HUDDERSFIELD, April 15th, 1852-	
"On a Method of Evacuating Coal Mines of Inflammable Gas," by Dr. Bodington, of Sutton Coldfield"  "On the Oscillation of the Currents drifting the Sandstone Beds of the South-East of Northumberland, and on their General Direc-	225
tion in the Coal Field in the Neighbourhood of Edinburgh," by H. C. Sorby, Esq., F.G.S., Sheffield	232
Mr. Theodore West	240
"On the Diluvial and Gravel Beds of Yorkshire and Nottingham- shire," by the Rev. W. Thorp, of Misson Vicarage, Bawtry	244
MEETING AT LEEDS, December 15th, 1852-	
Address of the Chairman, John Hope Shaw, Esq., of Lecds	253

Statement of Accounts  "Extracts from Miscellaneous Observations on the Manufacture of Iron, and especially on Certain Qualities and Properties of Malleable Iron," by Richard Solly, Esq., of the Leabrook Iron Works, Staffordshire, and of Sheffield  "On the Chemical Preparation of Flax for Manufacturing Purposes," by Mr. Thomas John Pearsall, F. C. S., Consulting Chemist to the North Lincolnshire Agricultural Society, &c.	257 257 257
MEETING AT DONCASTER, August 24th, 1853-	
"On a New Thermostat for Regulating Ventilation," by William Sykes Ward, Esq., of Leeds	297 300
"A Description of the Hydrostatic Machinery at Great Grimsby Docks," by George Broadrick, Esq., C.E., of Hamphall Stubbs, Doncaster	312
"On the Discovery of Hippopotamic and other Remains in the Neighbourhood of Leeds," by Mr. H. Denny, A. L. S., Leeds	321
MEETING AT HALIFAX, Nov. 8th, 1854-	
"On the Application of Peat and its Products to Manufacturing, Agricultural, and Sanitary Purposes," by E. H. Durden, Esq., F.C.S., Airedale Chemical Works, Hunslet, Leeds	339 366
MEETING AT WAKEFIELD, March 7th, 1855-	
"On the Motions of Waves, as Illustrating the Structure and Formation of Stratified Rocks," by H. C. Sorby, Esq., F.G.S., of Sheffield	872
"On the Essential Conditions of the Metamorphoses of Rocks," by E. W. Brayley, Esq., F.R.S., F.G.S., of London	379
"On the Structural Character of Rock, and of Mineral Deposits, as effected by Electricity," by Robert Hunt, Esq , F.R.S	380
MEETING AT PONTEFRACT, May 29th, 1855-	
"On New Materials for the Manufacture of Paper," by E. H. Durden, Esq., F.C.S.  "On the Ironstones in the Oolite District of Yorkshire," by the Rev. William Thorp, Vicar of Misson  "On the Claims of the Gigantic Irish Deer to be considered as Contemporary with Man," by Mr. H. Denny, A.L.S., &c	387 394 400
"On a New System of Puddling Iron by Steam," by James Nasmyth, Esq., C. E., Patricroft	440

T	Page.
MEETING AT LEEDS, December 13th, 1855—	
Officers, Council, and Treasurer's Account	445
Mr. Armytage	446
other Purposes," by R. Carter, Esq., C. E., of Halifax "On the supply of Shells, Horns, Bones, and Woods, used in the Cutlery Trades of Sheffield," by William Fisher, Jun., Esq.,	449
of Sheffield	450
MEETING AT SHEFFIELD, July 30th, 1856-	
"On the Origin of the Cleveland Hill Ironstone," by H. C. Sorby, Esq., F.R.S., F.G.S	457
"On the Purification of Lead by Crystallisation," by Wm. Baker, Esq., of Sheffield	461
"On the Remains of a Primitive People in the South-East Corner of Yorkshire; with some remarks on the Early Ethnology of Britain," by Thomas Wright, Esq., M.A., F.S.A., &c., Corresponding Member of the Imperial Institute of France	465
"On Some Works of Man Associated with the Remains of Extinct Mammals, in the Aire Valley Deposit," by Thos. Pridgin Teale, Esq., F.L.S., of Leeds	482
MEETING AT LEEDS, January 22nd, 1857-	
"Remarks on some Coins Discovered near Warter, and Presented by Lord Londesborough to the Museums of the Yorkshire Philo- sophical Society, and the Leeds Literary and Philosophical	
Society," by the Rev. John Kenrick, M.A	495
Rev. Daniel Henry Haigh, of Erdington "Observations on a Cross found in the Old Parish Church at Leeds,"	502
by R. D. Chantrell, Esq., Architect, of London "Notice of the Skull of a Dog Exhumed from the Alluvial Gravel	534
of Norwich, in 1851," by Mr. H. Denny, A.L.S	538
MEETING AT BARNSLEY, July 16th, 1857-	
"On some Ancient Barrows, or Tumuli, recently Opened in East Yorkshire, by Thomas Wright, Esq., M.A., F.S.A., &c. &c "On the Crag Deposit at Bridlington, and the Microscopic Fossils occurring in it," by H. C. Sorby, Esq., F.R.S., F.G.S.,	545
of Sheffield	<i>55</i> 9
Carr, Barnsley	562

	Page.
"On the Mixed use of Davy Lamps and Naked Lights in Coal Mines," by E. W. Binney, Esq., F.R.S., F.G.S.	577
"A Sketch of Barnsley, its Mineral and Manufacturing Products, and Natural History, by Mr. Thomas Lister, of Barnsley	580
MEETING AT HUDDERSFIELD, November 5th, 1857-	
"On an Improvement in Pressure Gauges," by W. H. Bartholomew, Esq., C.E., Resident Engineer, Aire and Calder Navigation "Observations on the Best Mode of Working and Ventilating Coal	<b>59</b> 0
Mines, by J. Brakenridge, Esq., of Sandal Hall, Wakefield "On the Remains of an Ancient Bloomery, at Lochgoilhead, Argyle-	592
shire," by Mr. Kyle	605
MEETING AT LEEDS, January 28th, 1858-	
Statement of Accounts	610
"An Account of some Experiments with the Steam Jet as a Ventilator for Mines," by Mr. F. H. Pearce, C.E., of Bowling, near	610
Bradford "On the Ventilation of Mines," by Mr. J. Jebson, Mining Engineer,	615
Mold Green, near Huddersfield	621
MEETING AT BRADFORD, December 8th, 1858-	
"On the Alluvial Lands, and Submarine Forests of Lincolushire," by the Rev. Edward Trollope, M.A., F.S.A., &c., of Leasingham "Notice of the Discovery of a British Dagger found at Woodnook,	637
near Wakefield," by Thomas Wilson, Esq., of Leeds	654
Esq., of Carleton Grange, Skipton	657
Baines, Esq., Holroyd House, Lightcliffe, near Halifax	663
MEETING AT LEEDS, March 17th, 1859-	
Statement of Accounts	668
by H. C. Sorby, Esq., F. R. S., F. G. S., of Sheffield	669
"On the Basaltic formation of the South Staffordshire Coal Field," by Charles Twamley, Esq., F.G.S., &c., of London	675
"Statistical Returns of the Mineral Produce of Yorkshire, for the year 1857," by Robert Hunt, Esq., F.R.S., Keeper of the	691
Mining Records	696
