CLASSIFIED INDEX

OF THE

Proceedings

OF THE

Yorkshire Geological and Polytechnic Society.

VOLUMES I.-XIV.

(1839-1902).

BY

W. LOWER CARTER, M.A., F.G.S.,

Honorary Secretary.

I.—INDEX OF SUBJECTS.

COSMICAL GEOLOGY.

On the Geological Evidence of the Secular Expansion of the Crust of the Earth, the Increase of its Orbit, and the Effects produced thereby, as propounded by Captain Drayson, R.A. By Rev. W. Thorp ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ......
On the Excavation of the Valleys in the Tabular Hills, as shown by the Configuration of Yedmandale, near Scarborough. By H. C. Sorby, F.G.S. III. 169

On the Motions of Waves, as Illustrating the Structure and Formation of Stratified Rocks. By H. C. Sorby, F.G.S. III. 372

Considerations connected with the Relative Change of Land and Sea upon the Surface of the Earth. By Captain Drayson, R.A. IV. 130

On Certain Natural Pits in the Neighbourhood of Ripon. By Rev. John Stanley Tute. V. 2

On the Oscillation of the Currents Drifting the Sandstone Beds of the South-east of Northumberland, and on their General Direction in the Coalfield in the Neighbourhood of Edinburgh. By H. C. Sorby, F.G.S. III. 232

On some Peculiar Geological Features of Rombald’s Moor. By Edward Sewell, M.A., F.R.G.S. V. 221

On the Formation of Anthracite. By L. C. Miall VI. 22

Plumpton Rocks (Photograph). By James W. Davis, F.S.A., F.G.S. VII. 196

Gordale Scar (Photograph). By James W. Davis, F.S.A., F.G.S. VII. 83

On Subsidence over the Permian Boundary between Hartlepool and Ripon. By A. G. Cameron VII. 342

On the Origin of the Chalk Dales of Yorkshire. By J. R. Mortimer. IX. 29

On the Contortions in the Chalk at Flamborough Head. By James W. Davis, F.G.S. IX. 43

Analysis of a Hydraulic Limestone Concretion from the Yorkshire Coast, with Remarks on Concretions Generally. By H. B. Stocks IX. 55

On the Physical Geography and Geology of the East Riding of Yorkshire. By Rev. E. Maule Cole, M.A. IX. 113

On a Concretion called Acrespire. By H. B. Stocks IX. 149

Note on Dry Valleys in the Chalk. By Rev. E. Maule Cole, M.A., F.G.S. IX. 343

Notes on some Singular Cavities in the Magnesian Limestone. By Rev. J. Stanley Tute, B.A. XI. 182

The Volcanoes of Iceland. By Tempeast Anderson, M.D. XII. 162
CARTER : CLASSIFIED INDEX.

The Effect of Faults on the Character of the Seashore. By Theo. T. Groom, F.G.S. ... ... ... XII. 361

The Malham Dry River Bed. By Thos. Tate, F.G.S. ... XIII. 58

Notes on the Geology of Malham and Settle. By W. Lower Carter, M.A., F.G.S. ... ... ... XIII. 241

Notes on some Physical Features in Iceland. By Chas. W. Fennell, F.G.S. ... ... ... XIII. 449

Ingleborough. Part I. Physical Geography. By Professor T. McK. Hughes, M.A., F.R.S., F.G.S. ... XIV. 125

On the Circulation of Salt and its Bearing on Geological Problems, more particularly on that of the Geological Age of the Earth. By William Ackroyd, F.I.C., F.C.S., Public Analyst for Halifax ... ... ... XIV. 401

STRATIGRAPHICAL GEOLOGY.

ORDOVICIAN TO PLEISTOCENE.

On the Strata of the Northern Yorkshire Coalfield. By T. W. Embleton ... ... ... I., i. 25

Report of Proceedings of Sub-Committee for Constructing a Geological Section of the Yorkshire Coalfield. By C. Morton ... ... ... I., i. 27

On the Proposed Line of Section between the Coal Field of Yorkshire and that of Lancashire. By Rev. William Thorp I., ii. 7

Report of the Committee appointed to recommend a Line of Section Across the Yorkshire Coalfield. By Morton and Holt I., iii. 18

On the Occurrence of Shells in the Yorkshire Coalfield. By Henry Hartop ... ... ... ... I. 200

On the Geology of the North Midland Railway. By Embleton, Holt, and Morton ... ... ... ... I. 138

On the Preservation of Railway Sections, and of Accounts of Borings, Sinkings, etc. By Thomas Sopwith ... ... ... ... I. 315

On the Ironstones in the Oolite District of Yorkshire. By the Rev. William Thorp ... ... ... ... III. 394

On the Origin of the Cleveland Hill Ironstone. By H. C. Sorby, F.R.S., F.G.S. ... ... ... ... III. 457

Illustrations of the Geology of the Yorkshire Coalfield. By Rev. William Thorp ... ... ... ... II. 328

On the Yorkshire Flagstones and their Fossils. By Samuel Baines ... ... ... ... III. 663

On the Basaltic Formation of the South Staffordshire Coalfield. By Charles Twamley, F.G.S. ... ... ... III. 691

On Fire Clays. By C. W. Bingley, Ph.D., F.C.S. ... ... ... ... IV. 75

On some of the Differences in the Deposition of Coal. By Samuel Baines ... ... ... ... IV. 77

On the Geology of the Esk Valley. By John Watson ... ... ... ... IV. 91

On the Iron Ore Deposits of Lincolnshire. By Robert Hunt, F.R.S. ... ... ... ... IV. 97
<p>| On a System of Anticlinals in South Craven. By Louis C. Miall | IV. 577 |
| On the Geology of the Barnsley Coalfield. By A. H. Green, M.A., F.G.S. | IV. 604 |
| On the Coal Measures of the Neighbourhood of Rotherham. By A. H. Green, M.A., F.G.S. | IV. 685 |
| On the Geology of Craven. By W. H. Dalton | VI. 16 |
| On a Base to the Carboniferous Rocks in Teesdale. By J. R. Dakyns, M.A. | VI. 239 |
| On the Unconformability of the Permian Limestone to the Red Rocks West of its Escarpment in Central Yorkshire. By James W. Davis, F.L.S., F.G.S. | VI. 280 |
| Remarks on the Geology of the Neighbourhood of Keighley. By John Brigg, J.P. | VI. 48 |
| On the Variations in Thickness and Character of the Silkstone and Barnsley Coal Seams in the Southern Part of the Yorkshire Coalfield, and the Probable Manner in which these and similar Changes have been produced. By A. H. Green, M.A., F.G.S. | VI. 68 |
| On the Geology of the Central Portion of the Yorkshire Coalfield lying between Pontefract and Bolton-on-Dearne. By A. H. Green, M.A., F.G.S. | VI. 108 |
| On the Mineral Aspects of the West Riding Coalfield. By Richard Carter, C.E., F.G.S. | VI. 113 |
| On the Occurrence of Certain Fish Remains in the Coal Measures, and the Evidence they afford of Freshwater Origin. By James W. Davis, F.G.S., F.L.S. | VII. 40 |
| On the Red Chalk. By Rev. E. Maule Cole, M.A. | VII. 30 |
| Notes on the Midland Coalfield. By Arnold Lupton, M.I.C.E., F.G.S. | VII. 187 |
| The Trias of the Southern Part of the Vale of York. By H. Franklin Parsons, M.D., F.G.S. | VII. 154 |
| On a Section at the Barrow Collieries, Worsbrough. By Arthur R. Kell | VII. 111 |
| On the Geology of the District around Middlesbrough. By W. Y. Veitch | VII. 284 |
| On Flots. By J. R. Dakyns, M.A. | VII. 381 |</p>

On some Sections in the Liassic and Oolitic Rocks of Yorkshire. By James W. Davis, F.G.S. XII. 170

A Sketch of the Geology of Nidderdale and the Washburn North of Blubberhouses. By J. R. Dakyns, M.A. XII. 294

On the Geology of Calderdale. By James Spencer XII. 369

The Microscopic Structure of the Zones of the Chalk. By A. J. Jukes-Browne, B.A., F.G.S. XII. 385

Notes on Field Excursion for the Examination of the Coast between Bridlington and Filey. By W. Lower Carter, M.A., F.G.S. XII. 421

Notes on the Strata and Deposition of the Millstone Grits. By William Simpson, F.G.S. XII. 407

Notes on the Coast between Bridlington and Filey. By G. W. Lamplugh, F.G.S. XII. 424

Some Notes on the Yorkshire Coalfield and its Eastwardly Extension. By Prof. Arnold Lupton, F.G.S., M.I.C.E. XII. 432

Field Excursion to Broad Lane Junction, Bradford. XII. 441

Notes on the White Chalk of Yorkshire, Parts I. and II. By G. W. Lamplugh, F.G.S. XIII. 65

Notes on a Well-boring at Ganstead, near Hull. By John Stears. XIII. 88

Notes on the White Chalk of Yorkshire, Part III. The Geology of Flamborough Head, with Notes on the Yorkshire Wolds. By G. W. Lamplugh, F.G.S. XIII. 171

Some Yorkshire Well Sections. By Wm. Whitaker, B.A., F.R.S., F.G.S., Assoc.I.C.E. XIII. 192

Notes on the Coast between Redcar and Scarborough. By C. Fox-Strangways, F.G.S. XIII. 248

Filey Bay and Brigg. By C. Fox-Strangways, F.G.S. XIII. 338

Notes on the Coast Sections between Hayburn Wyke and Filey. By C. Fox-Strangways, F.G.S. XIII. 356

The Yoredale and Millstone Grit Rocks of the Upper Calder Valley, and their Fossils. By James Spencer. XIII. 375

The Halifax Coal Strata. By James Spencer. XIII. 302

Notes on the Occurrence of the Adwalton Stone Coal and the Halifax Hard Coal. By Theodore Ashley. XIV. 253

Notes on the Geology of Clitheroe and Pendle Hill. By R. H. Tiddeman, M.A., F.G.S. XIV. 178

Ingleborough. Part II. Stratigraphy. By Professor T. McK. Hughes, M.A., F.R.S., F.G.S. XIV. 323

On the Characters of the Carboniferous Rocks of the Pennine System. By Wheelton Hind, M.D., B.S., F.R.C.S. XIV. 422

PLEISTOCENE AND RECENT.

Observations on the Yorkshire Drift and Gravel. By J. T. Clay I. 338
On the Evidence of the Former Existence of Glaciers in Great Britain. By Thos. Sopwith II. 419
On the Diluvial and Gravel Beds of Yorkshire and Nottinghamshire. By Rev. W. Thorp III. 244
On the Crag Deposit at Bridlington, and the Microscopic Fossils occurring in it. By H. C. Sorby, F.R.S., F.G.S. III. 559
Erratic Boulders in the Valley of the Calder. By James W. Davis, F.L.S., F.G.S. VI. 93
The Glacial Deposits of the Bradford Basin. By Thomas Tate VI. 101
On an Exceptional Occurrence of Boulder Clay near Barnsley. By A. H. Green, M.A., F.G.S. VI. 122
On the Physical Properties of Ice in connection with the History of the Glacial Period. By W. M. Watts, M.A., D.Sc... VI. 149
On Silurian Erratics in Wharfedale. By J. R. Dakyns, M.A. VI. 159
Notes on the Glacial Drift near Ripon. By Rev. J. Stanley Tute, B.A VI. 210
The Alluvial Strata of the Lower Ouse Valley. By H. Franklin Parsons, M.D., F.G.S. VI. 214
On the Southward Flow of Shap Granite Boulders. By J. R. Dakyns, M.A. VII. 60
Glacial Beds at Bridlington. By J. R. Dakyns, M.A. VII. 123
On the Divisions of the Glacial Beds in Filey Bay. By G. W. Lamplugh, F.G.S. VII. 167
On a Fault in the Chalk of Flamborough Head, with some Notes on a Drift of the Locality. By G. W. Lamplugh VII. 242
On Glacial Deposits North of Bridlington. By J. R. Dakyns, M.A. VII. 246
On a Group of Erratic Boulders at Norber, near Clapham, in Yorkshire. By James W. Davis, F.S.A., F.G.S. VII. 266
Vestiges of the Ancient Forest on Part of the Pennine Chain. By Joseph Lucas, F.G.S. VII. 368
On the Sections of the Drift obtained by the New Drainage Works at Driffield. By J. R. Mortimer VII. 373
On Glacial Sections near Bridlington. By G. W. Lamplugh VII. 383
On Glacial Sections at York, and their Relation to later Deposits. By J. Edmund Clark, B.A., B.Sc... VII. 421
Glacial Sections near Bridlington. Part II. Cliff Section Extending 900 yards South of the Harbour. By G. W. Lamplugh, F.G.S. VIII. 27
A Glacial Deposit near Doncaster. By Thomas Hill Easterfield VIII. 212

Glacial Phenomena near York. By C. Fox-Strangways, F.G.S. XIII. 15

Notes on the Drift of the Humber Gap. By John W. Stather, F.G.S. XIII. 211

Norwegian Rhomb-porphyries in the Holderness Boulder Clays. By Alfred Harker, M.A., F.G.S. XIII. 279

A Glaciated Surface at Filey. By John W. Stather, F.G.S. XIII. 346

The Distribution of Moorlands in the East of Yorkshire, as explained by the Glacial History of the County. By Rev. E. Maule Cole, M.A., F.G.S. XIII. 400

A Peat Deposit at Stokesley. By the Rev. John Hawell, M.A., F.G.S. XIV. 49

The Glacial Geology of Bradford, and the Evidence obtained from Recent Excavations of a Limestone Track on the South Side of the Valley. By James Monckman, D.Sc. XIV. 151

Notes on East Yorkshire Boulders. By John W. Stather, F.G.S. XIV. 237

Notes on Sections Exhibited during the Excavation of the Alexandra Dock Extension, Hull. By W. H. Crofts XIV. 245

A Striated Surface near Sandsend. By John W. Stather, F.G.S. XIV. 484

PALÆONTOLOGY.

VERTEBRATES.

On the Fossil Ichthyology of the Yorkshire Coalfield. By T. P. Teale I. i. 7

On the Fossil Footprints of the Carboniferous System. By William Lee I. 409

Observations on the Discovery of Coprolites in the Stanley Shale and Flockton Stone, or Fish Coal. By Martin Simpson II. 171

On the Claims of the Gigantic Irish Deer to be considered as Contemporary with Man. By H. Denny, A.L.S. III. 400

On the Skull of a Dog Exhumed from the Alluvial Gravel of Norwich, in 1851. By H. Denny, A.L.S. III. 538

Observations on the Distribution of the Extinct Bears of Britain, with especial reference to a supposed New Species of Fossil Bear from Ireland. By Henry Denny, A.L.S. IV. 338

Further Explorations in the Dowkerbottom Caves, in Craven. By James Farrer, M.P. IV. 414

Remarks on the Extinct Fauna of the East Riding of Yorkshire. By Edward Tindall V. 7

On the Rocks of the Neighbourhood of Pontefract, with some Observations on the Discovery of some Bones of the Bos Primigenius (Long-fronted or Short-horned Ox). By T. W. Tew. V. 39

On a New Carboniferous Labyrinthodont from the Neighbourhood of Bradford. By Louis C. Miall V. 15

On the Structure of Ganoid Fishes. By L. C. Miall VI. 24

On a Stratum of Shale, containing Fish Remains, in the Lower Coal Measures. By James W. Davis, F.G.S., F.L.S. VI. 127

The Raygill Cave and its Contents. By Professor L. C. Miall, F.L.S. VII. 207

Report of the Raygill Fissure Exploration Committee, consisting of Prof. A. H. Green, M.A., F.G.S.; Prof. L. C. Miall, F.G.S.; John Brigg, F.G.S.; and James W. Davis, F.S.A., F.G.S. (Reporter) VII. 300

Ostracacanthus dilatatus (Gen. et Spec. Nov.), a Fossil Fish from the Coal Measures South of Halifax, Yorkshire. By James W. Davis, F.G.S. VII. 191

On some Bones of Ctenodus. By Prof. L. C. Miall, F.G.S. VII. 289

A Preliminary Account of the Working of Dowkerbottom Cave, in Craven, during August and September, 1881. By Edward B. Poulton, M.A., F.G.S. VII. 351

On the Distribution of Fossil Fishes in the Yorkshire Coalfields. By James W. Davis, F.S.A., F.G.S. VII. 228

Notes on the Occurrence of Fossil Fish Remains in the Carboniferous Limestone Series of Yorkshire. By J. W. Davis, F.G.S. VIII. 39

On a New Species of Heterolepidotus from the Lias. By James W. Davis, F.G.S. VIII. 403

Note on Chlamydoselachus anguineus, Garman. By James W. Davis, F.G.S. IX. 98

On the Exploration of the Raygill Fissure in Lothersdale. By James W. Davis, F.G.S. IX. 280

Note on a Fossil Species of Chlamydoselachus. By James W. Davis, F.G.S. IX. 392

On a Mammiferous Gravel at Elloughton, in the Humber Valley. By G. W. Lamplough IX. 407

Notes on the Vale of Clwyd Caves. By C. E. de Rance, F.G.S. XI. 1
On the Recent Exploration of a Cave at Elbolton, near Thorpe. By Rev. E. Jones. XI. 86

On the further Exploration of a Cave at Elbolton, near Thorpe, in Craven. By Rev. E. Jones. XI. 307

Fossil Fish Remains from Carboniferous Shales at Cultra, Co. Down, Ireland. By James W. Davis, F.G.S. XI. 332

The Hybodont and Cestraciont Sharks of the Cretaceous Period. By A. Smith Woodward, F.G.S. XII. 62

Exploration of the Elbolton Cave. By Rev. E. Jones. XII. 105

Notes on Elephas antiquus and other Remains from the Gravels at Elloughton, near Brough, East Yorkshire. By Thomas Sheppard. XIII. 221

Some Fish Remains found in the Yorkshire Millstone Grits. By Edgar D. Wellburn, F.G.S. XIII. 395

On the Fish Fauna of the Lower Coal Measures of the Halifax and Littleborough Districts. By Edgar D. Wellburn, F.G.S. XIII. 419

On the Fish Fauna of the Yorkshire Coal Measures. By Edgar D. Wellburn, L.R.C.P., F.G.S. XIV. 159

On the Occurrence of Fish Remains in the Limestone Shales (Yoredale) of Crimsworth Dean (Horsebridge Clough), near Hebden Bridge, in the West Riding of Yorkshire. By Edgar D. Wellburn, F.G.S. XIV. 175

On the Fish Fauna of the Pendleside Limestones. By Edgar D. Wellburn, L.R.C.P.E., F.R.I.P.H., F.G.S. XIV. 465

On the Genus Caelacanthus, as found in the Yorkshire Coal Measures, with a Restoration of the Fish. By Edgar D. Wellburn, L.R.C.P.E., F.G.S. XIV. 474

INVERTEBRATES.

Notice of the Discovery of Nautilus Rawsoni (Halifax Coal Beds). By Dr. James Inglis. II. 182

Notes on Carboniferous Cephalopoda. Part I., Recent Cephalopoda. By Wm. Cash, F.G.S. VI. 257

On an Orthoceras of the Millstone Grit. By Rev. J. Stanley Tute, B.A. VII. 82

Notes on the Carboniferous Polyzoa of North Yorkshire. By George Robert Vine VIII. 329

Yorkshire Fossil Mollusca. By William Cash, F.G.S. VIII. 77

Notes on the Carboniferous Polyzoa of West Yorkshire and Derbyshire (an Attempt to Identify Phillips' Species). By George Robert Vine VIII. 161

Notes on the Carboniferous Entomostraca and Foraminifera of the North Yorkshire Shales. By George Robert Vine VIII. 226

Further Notes on New Species, and other Yorkshire Carboniferous Fossil Polyzoa, described by Prof. John Phillips. By George Robert Vine VIII. 377

Notes on the Polyzoa and Foraminifera of the Cambridge Greensand. By George R. Vine IX. 10

Three New Species in the Yorkshire Lias. By W. Y. Veitch, M.D. IX. 54

Notes on the Yoredale Polyzoa of North Lancashire. By George R. Vine IX. 70

Notes on the Polyzoa of the Wenlock Shales, etc. By George R. Vine IX. 179

Notes on the Palaeontology of the Wenlock Shales of Shropshire. By George R. Vine IX. 224

Notes on the Classification of Cyclostomatous Polyzoa, Old and New. By George R. Vine IX. 346

Notes on the Distribution of the Entomostraca in the Wenlock Shales. Mr. Maw's Washings. By George R. Vine IX. 393

Notes on the Classification of the Palaeozoic Polyzoa. By George R. Vine XI. 20

A Monograph of Yorkshire Carboniferous and Permian Polyzoa. Part I. By George R. Vine XI. 68

Notes on British Eocene Polyzoa. By George R. Vine XI. 154

A Monograph of Yorkshire Carboniferous and Permian Polyzoa. Part II. By G. R. Vine XI. 184

Further Notes on the Polyzoa of the Lower Greensand and the Upper Greensand of Cambridge. Part II. By George R. Vine XI. 250

Notes on the Polyzoa and Microzoa of the Red Chalk of Yorkshire and Norfolk. By George R. Vine XI. 363

Notes on some New or but Little-known Eocene Polyzoa from Localities. By George R. Vine XII. 52

British Palaeozoic Ctenostomatous Polyzoa. By George R. Vine, XII. 74
CARTER: CLASSIFIED INDEX.

DESCRIPTION OF TWO NEW SPECIES OF GASTEROPODA FROM THE UPPER LIAS OF YORKSHIRE. By Rev. John Hawell, M.A.  
NOTES ON THE POLYZOA, STOMATOPORA, AND PROBCSSINA GROUPS FROM THE CORNBRAISH OF THRPSTON, NORTHAMPTONSHIRE. By George R. Vine.  
CONTRIBUTIONS TO A HISTORY OF THE MESOZOIC CORALS OF THE COUNTY OF YORK. By Robert F. Tomes, F.G.S.

FOSSIL PLANTS.

ON FOSSIL TREES FOUND STANDING UPRIGHT IN THE COAL MEASURES. By E. W. Binney.  
ON THE FOSSIL FLORA OF THE CARBONIFEROUS EPOCH, WITH ESPECIAL REFERENCE TO THE YORKSHIRE COALFIELD. By Henry Denny, A.L.S.  
NOTICE OF AN APPARENTLY UNDESCRIBED FOSSIL PLANT, FROM THE CARBONIFEROUS SANDSTONE NEAR LEEDS. By Henry Denny, A.L.S.  
ON THE STEMS AND ROOTS OF FOSSIL TREES IN THE LOWER COAL MEASURES AT WADSLEY, NEAR SHEFFIELD. By J. W. Davis.  
NOTES ON TRAQUAIRIA. By William Cash, F.G.S., and Thomas Hick, B.A., B.Sc.  
SOME ACCOUNT OF THE FOSSIL PLANTS FOUND AT THE DARFIELD QUARRIES, NEAR BARNSLY. By Stephen Seal, F.G.S.  
A CONTRIBUTION TO THE FLORA OF THE LOWER COAL MEASURES OF THE PARISH OF HALIFAX. PART III. By Thomas Hick, B.A., B.Sc., and W. Cash, F.G.S.  
ON ASTRONYELON AND ITS AFFINITIES. By James Spencer.  
CONTRIBUTIONS TO THE FOSSIL FLORA OF HALIFAX. PART IV. By Thos. Hick, B.A., B.Sc., and Wm. Cash, F.G.S.  
NOTE ON SPIRANGIUM CARBONARIUM (SCHIMPER). By Rev. J. Stanley Tute, B.A.  
ON SOME REMAINS OF FOSSIL TREES IN THE LOWER COAL MEASURES AT CLAYTON, NEAR HALIFAX (PHOTOGRAPH). By James W. Davis, F.G.S.  
ON THE FOSSIL FRUCTIFICATIONS OF THE YORKSHIRE COAL MEASURES. By W. Cash, F.G.S.  
ON THE STRUCTURES AND AFFINITIES OF LEPIDODENDRON. By Thomas Hick, B.A., B.Sc., and William Cash, F.G.S.  
ON LEPIDOPHLOIOS AND LEPIDODENDRON. By William Cash, F.G.S., and James Lomax.  
ON THE PRESENT STATE OF OUR KNOWLEDGE OF THE YORKSHIRE CALAMITE. By Thomas Hick, B.A., B.Sc.  
ON THE AFFINITY OF DADOXYLON TO CORDAITES. By James Spencer.
MINERALOGY, PETROLOGY, METAMORPHISM, AND CHEMICAL GEOLOGY.

On the Proportion of Sulphur in Coal. By William West. I., ii. 48

On the Existence of Four Crystalline Species of Carbon. By H. C. Sorby, F.G.S. III. 159

On a Remarkable Case of the Action of Spring Water on Lead. By William West II. 162

On the Origin of Slaty Cleavage. By H. C. Sorby, F.G.S. III. 300

On the Structural Character of Rock, and of Mineral Deposits, as Effected by Electricity. By Robert Hunt, F.R.S. III. 380

On the Purification of Lead by Crystallisation. By William Baker, III. 461

On the Microscopical Structure of Mount Sorrel Syenite, Artificially Fused and Cooled Slowly. By H. C. Sorby, F.R.S., F.G.S. IV. 301

On the Formation and Destruction of Limestone and some of the Minerals which accompany it. By James Haywood III. 61

On Impressed Limestone Pebbles, as Illustrating a New Principle in Chemical Geology. By Henry Clifton Sorby, F.R.S. IV. 458

On the Contortion of Rocks. By L. C. Miall VI. 3

On a Chemical Method of Distinguishing Black Obsidian from Black Blast Furnace Slag. By W. H. Wood, F.C.S. VII. 274

On the Lead Veins in the Neighbourhood of Skipton. By J. Ray Eddy, F.G.S. VIII. 63

On a New Method of Studying the Optical Characters of Minerals. By H. C. Sorby, F.R.S., Pres. G.S. VII. 5

Yorkshire Petrology. By Thomas Tate, F.G.S... IX. 372

Yorkshire Petrology. Part II., The Lamprophyres. By Thomas Tate, F.G.S. XI. 311

On the so-called Ingleton Granite. By Thomas Tate, F.G.S. XI. 480

Some Physical Properties of Coal. By B. Holgate, F.G.S.. XI. 460

On some Singular Nodules in the Magnesian Limestone. By Rev. J. Stanley Tute, B.A. XII. 245
The Composition of the Spar Occurring in Mother Shipton's Cave, Knaresborough. By B. A. Burrell, F.I.C. ... XIII. 284
Notes on the Igneous Rocks of the English Lake District. By Alfred Harker, M.A., F.R.S., F.G.S. ... XIV. 487

CAVES AND UNDERGROUND WATERS.

On the Mineral Springs of the Parish of Halifax, Geologically Considered. By William Alexander, M.D. ... I. 148
On Certain Cavities in the Limestone District of Craven. By Theodore West ... III. 240
On the Temperature of the Springs in the Neighbourhood of Sheffield. By H. C. Sorby, F.R.S., F.G.S. ... IV. 40
On Water Springs and their Relation to Manufactures. By John Jebson, C.E. ... IV. 122
The Source of the River Aire. By Thos. Tate, F.G.S. ... VII. 177
Note on an Intermittent Spring at Malham. By Thomas Tate, F.G.S. ... VII. 186
On the Blowing Wells near Northallerton. By T. Fairley, F.R.S.E. ... VII. 409
On the Mineral Wells of Harrogate. By Richard Carter, C.E., F.G.S. ... VIII. 313
The Harrogate Wells, or Mineral Waters of Harrogate, Geologically Considered. By C. Fox-Strangways, F.G.S. ... VIII. 319
The Mineral Springs of the Grand Anticlinal of the West Riding: a few Chemico-Geological Notes. By George Oliver, M.D. ... VIII. 336
The Mineral Wealth of Harrogate. By R. Hayton Davis, F.C.S. ... VIII. 357
Analysis of the Kissengen Saline Chalybeate Water, 1883, as compared with Analyses in 1845, 1854, 1867, and 1879. By R. Lloyd Whiteley ... VIII. 366
Notes on Underground Water Supply and River Floods. By C. E. de Rance, A.I.C.E., F.G.S. ... XI. 200
Notes on Borings for Water and Salt in the County of York. By C. E. de Rance, A.I.C.E., F.G.S. ... XI. 424
On the Underground Waters of Lincolnshire. By C. E. de Rance, A.I.C.E., F.G.S. ... XII. 22
The Mineral Waters of Askern. By C. H. Bothamley, F.I.C., F.C.S. ... XII. 347
A History of the Dropping Well at Knaresborough, with the Analysis of the Water. By B. A. Burrell, F.I.C. ... XIII. 135
Notes on the Caves of Yorkshire. By S. W. Cuttriss ... XIII. 311
Some Notes on Yorkshire Caves. Part II. By S. W. Cuttriss XIII. 433
The Underground Waters of North-west Yorkshire. Part I. The Sources of the Aire. I., Introduction. By J. H. Howarth, F.G.S. ... XIV. 1
CARTER: CLASSIFIED INDEX.

II., Engineering Report. By C. W. Fennell, F.G.S., and J. A. Bean, C.E. ........ XIV. 11

The Composition of some Malham Waters. By B. A. Burrell, F.I.C. ........ XIV. 45

AGRICULTURE AND SOILS.

On the Agriculture of the West Riding of Yorkshire, considered Geologically. (2) The Magnesian Limestone District. By Rev. W. Thorp .... I. 91

Report on the Agricultural Geology of Part of the Wold District of Yorkshire, and of the Oolite in the Neighbourhood of North and South Cave, etc. By Rev. W. Thorp .......... I. 207

On the Indications which are Guides in Judging of the Fertility or Barrenness of the Soil. By Rev. W. Thorp .......... II. 139

On the Clover Sickness of Certain Soils: being an Analytical Investigation into the Causes producing a Failure of the Red Clover Crop, with Suggestions for its Prevention. By James Haywood .......... II. 351

On the Growth and Manufacture of Chicory. By George Wilkinson .......... III. 75

On Milk, as an Agricultural Production and an Article of Food. By James Haywood .......... III. 78

On Arboriculture. By James Hamerton .......... II. 43

EARLY MAN.

CARTER: CLASSIFIED INDEX.

On some Ancient Barrows, or Tumuli, recently Opened in East Yorkshire. By Thomas Wright, M.A., F.S.A. III. 545

Notice of the Discovery of a British Dagger found at Woodnook, near Wakefield. By Thomas Wilson III. 654

A Short Account of the Tumulus opened at Thorparch, in March, 1859. By F. B. Carroll IV. 37

On a very remarkable Mummy in the Museum of the Leeds Philosophical and Literary Society. By Professor G. Seyffarth, Ph.D., D.D. IV. 213

On the Geologico-Archaeological Discoveries in Denmark, Switzerland, and France. By Sir John Lubbock, Bart., F.R.S. IV. 238

On Certain Results from Barrow Diggings in Cleveland. By Rev. J. C. Atkinson IV. 321

On an Ancient Barrow or Tumulus, and Flint Implements, found in the Neighbourhood of Bridlington. By Edward Tindall IV. 387

On the Coins of the Ancient Britons, and more particularly those found in Yorkshire. By John Evans, F.R.S., F.G.S., F.S.A. IV. 423

On the Occurrence of a Lead Celt in Lincolnshire, with remarks on Celts generally. By John Ffooks IV. 436

On the Flint Implements and Weapons found at Bridlington. By John Ffooks IV. 465

Notice of Early British Tumuli on the Hambleton Hills, near Thirsk. By Henry Denny, A.L.S. IV. 488

On the Inhabitants of Yorkshire in Pre-Roman Times. By Rev. William Greenwell, M.A. IV. 512

On the Origin and Use of Menhirs or Pillar Stones. By Rev. R. J. Mapleton, M.A. IV. 630

On the Occurrence of Flint Implements at Adel, near Leeds, with Suggestions as to the Probable Period of their Deposit. By Henry Denny, A.L.S. V. 24

On the Bridlington Flint Implements. By John Ffooks V. 99

The Runic Monuments of Northumbria. By Rev. D. H. Haigh V. 178

On Certain Discoveries of Bronze Implements in the Neighbourhood of Leeds. By John Holmes VII. 405

On the Discovery of Flint Implements on the Hills between Todmorden and Marsden. By Robert Law and James Horsfall VIII. 70

On the Prehistoric Remains Recently Discovered in Wensleydale. By W. Horne IX. 175

On the Relative Age of the Remains of Man in Yorkshire. By James W. Davis, F.S.A. IX. 201

On the Habitation Terraces of the East Riding. By J. R. Mortimer, F.G.S. IX. 221

A Sketch of the Prehistoric Remains of Rombalds Moor. By John Holmes IX. 283

On the Discovery of a Stone Implement in Alluvial Gravels at Barnsley. By Samuel A. Adamson, F.G.S. IX. 281

Notes on Flint-flake Implements found in the Isle of Man. By Jas. E. Bedford IX. 369

On the Ancient Flint-users of Yorkshire. By Jas. W. Davis IX. 411

On the Bronze Implements found in the East Riding of Yorkshire. By Thomas Boynton IX. 427

Notes on Discoveries of Bronze Implements, etc., in the West Riding. By John Holmes IX. 426

On a Lake Dwelling Recently Discovered at Preston. By Rev. E. Maule Cole, M.A. XI. 90

On the Investigation of British Barrows, near Hummanby, in the East Riding. Anon. XI. 91

On the Lake Dwellings in East Yorkshire. By James W. Davis, F.G.S. XI. 101

On a Boulder with Cup and Ring Markings at Horsforth. By W. Cheetham XI. 175

Prehistory of the Village of Fimber. Part I. By J. R. Mortimer XI. 217

The Duggleby "Howe." By Rev. E. Maule Cole, M.A., F.G.S. XI. 441

Prehistory of the Village of Fimber. Part II. By J. R. Mortimer XI. 445

An Account of the Opening of the Tumulus, Howe Hill, Duggleby. By J. R. Mortimer XII. 215

On the Crania and other Human Remains found in the Barrow at Howe Hill, Duggleby. By J. G. Garson, M.D. XII. 227

Examination of the Bones of Animals found in the Tumulus at Duggleby Howe. By E. T. Newton, F.G.S. XII. 241

Further Observations on the Howe Tumulus. By J. R. Mortimer XII. 242

Upper Wharfedale Exploration Committee; First Annual Report (1883). By E. E. Speight, B.A. XIII. 374

Lake Dwellings in the Vale of Pickering. By J. Spink XIII. 21
CARTER: CLASSIFIED INDEX.

Killing Pits. By J. R. Mortimer .... XIII. 144

On the Origin of some Lines of Small Pits on Allerston and Ebberston Moors, near Scamridge Dykes, in the Neighbourhood of Scarborough. By J. R. Mortimer .... XIII. 150

Ancient British Star-worship indicated by the Grouping of Barrows. By J. R. Mortimer .... XIII. 202

A Summary of what is known of the so-called Danes' Graves, near Driffield. By J. R. Mortimer .... XIII. 286

The so-called British Habitations on Danby North Moor. By J. R. Mortimer .... XIII. 406

On the Recent Prehistoric Finds in the Neighbourhood of Todmorden. By Robert Law, F.G.S. .... XIII. 444

ARCHAEOLOGY.

Remarks on some Coins Discovered near Warter, and presented by Lord Londesborough to the Museums of the Yorkshire Philosophical Society and the Leeds Literary and Philosophical Society. By Rev. John Kenrick, M.A. .... III. 495

Observations on a Cross found in the old Parish Church at Leeds. By R. D. Chantrell .... III. 534

On the Discovery of Roman Remains at Filey. By Dr. Pritchard III. 610

On the Recent Discoveries in Excavating the Remains of the Ancient Roman Town of Uriconium (Wroxeter), near Shrewsbury. By Thomas Wright, M.A., F.S.A. .... IV. 102

Some Account of the Roman Roads in the Parish of Halifax; with the Respective Claims of Almondbury, Slack, and Greetland to the Site of Cambodunum considered. By Francis A. Leyland IV. 182

On a Romano-British Mosaic Pavement, representing Romulus and Remus, Discovered at Aldborough (Isurium of the Romans). By Henry Ecroyd Smith .... IV. 593

Footprints of Roman Occupation in the Southern Parts of Northumberland. By Rev. Scott F. Surtees, M.A. .... IV. 664

Ancient Battlefields in the Southern Portion of Northumberland; showing how Pontefract obtained its present name. By Rev. Scott P. Surtees .... V. 57

Paper on Certain Roman Roads in Yorkshire in use at the Present Day. By Francis A. Leyland .... V. 259

Supposed Roman Camp at Octon. By J. R. Mortimer .... XI. 457
CARTER: CLASSIFIED INDEX.

On a Coin found in Grass Wood. By W. Fennell. .... XIII. 64

Note on the Vallum in Relation to the Roman Wall from Newcastle to Carlisle. By Rev. E. Maule Cole, M.A., F.G.S. .... XIII. 282

MINING.

Observations on the Safety Lamp. By C. Morton .... I., i. 21

Isometrical Projection of the Mining District of Alston Moor; and a Model of the Forest of Dean. By Thos. Sopwith .... I., iii. 25

On the use of Wire Rope as a Substitute for Hempen Rope on Railways and in Mining. By Chas. Morton .... I. 390

On a New Safety Lamp. By Rev. Wm. Thorp .... II. 478

Comparative View of Circumstances attending some of the Explosions in Coal Mines. By Wm. West, F.R.S. .... III. 138

On the Working and Construction of a New Machine for Ventilating Mines, etc. By William Fourness .... II. 189

On the Ventilation of Coal Mines. By Rev. Wm. Thorp .... II. 399

On the best means of Draining Fire-damp from Coal Mines by an Improved Principle of Ventilation. By Mr. Ramsden II. 472

Description of a Direct-acting Steam Fan for the Better Ventilation of Coal Mines. By James Nasmyth .... III. 214

Description of the Fan erected for the Ventilation of the Hemingfield Pit, belonging to Earl Fitzwilliam, at Elsecar. By B. Biram III. 215

On the use of the Barometer in Coal Mines, and a Cheap Form of Instrument for that Purpose. By Wm. Sykes Ward, F.C.S. III. 206

On a Method of Evacuating Coal Mines of Inflammable Gas. By George Bodington, M.D. .... III. 225

On a New Thermostat for Regulating Ventilation. By W. S. Ward .... III. 297

On Williamson’s Improved System of Colliery Ventilation. By H. J. Traice .... III. 366

On Colliery Ventilation. By Richard Carter, C.E. .... III. 562

A Sketch of Barnsley, its Mineral and Manufacturing Products, and Natural History. By Thomas Lister .... III. 580

An Account of some Experiments with the Steam Jet as a Ventilator for Mines. By F. H. Pearce, C.E. .... III. 615

Observations on the Best Mode of Working and Ventilating Coal Mines. By J. Brakenridge .... III. 592

On the Ventilation of Mines. By J. Jebson .... III. 621

On the Lead Mining Districts of Yorkshire. By S. Eddy .... III. 657

Observations on Colliery Ventilation. By Richard Carter, C.E. IV. 110

On the Effects of Certain Geological Arrangements on the Working of Coal. By Philip Cooper IV. 396

Some Remarks on Fire-damp and Safety Lamps. By John Hutchinson IV. 610

Some Observations on Coal and Coal Mining, and the Economical Working of our Coalfields. By Walter Rowley V. 229

On Deep Mining, and Recent Achievements in connection therewith. By Walter Rowley, F.G.S. VI. 163

Notes on a Visit to the Channel Tunnel. By Arnold Lupton, M.Inst.C.E., F.G.S. VIII. 213

On the Fire-damp Detector, with Recent Improvements in the Miner’s Safety Lamp; and some Remarks on the Difficulties connected with Deep Mining. By W. E. Garforth, C.E. VIII. 395

On Explosives Used in Mining. By Joseph Mitchell, F.G.S. IX. 147

Colliery Explosions and the Weather of 1885. Anon. IX. 248

Notes on Ancient Coal Mining. By T. W. Embleton, M.E. IX. 257

On Safety Lamps. By Prof. Arnold Lupton, F.G.S. IX. 268

Some Notes on Gold, Slate, and Salt Mines in Great Britain. By Prof. Arnold Lupton, F.G.S. XI. 239

Deep Mining. By W. E. Garforth, C.E., F.G.S. XI. 469

METEOROLOGY.

Abnormal Barometrical Disturbances in Yorkshire in 1883 and 1884. By Richard Reynolds, F.C.S. IX. 214

Record of a Remarkable Shooting Star, April 2nd, 1892. By R. Reynolds, F.I.C. XII. 259

Meteorology of Bradford for 1880. By J. McLandsborough, F.G.S., and A. E. Preston, F.G.S. VII. 329

Meteorology of Bradford for 1881. do. do. VII. 462

Meteorology of Bradford for 1882. do. do. VIII. 155

Meteorology of Bradford for 1883. do. do. VIII. 293

Meteorology of Bradford for 1884. do. do. VIII. 423

Meteorology of Bradford for 1885. do. do. IX. 144

Meteorology of Bradford for 1886. do. do. IX. 336
Meteorology of Bradford for 1887. By J. McLandsborough, F.G.S., and A. E. Preston, F.G.S... IX. 498
Meteorology of Bradford for 1888. do. do. XI. 137
Meteorology of Bradford for 1889. do. do. XI. 352
Meteorology of Bradford for 1890. do. do. XI. 505
Meteorology of Bradford for 1891. do. do. XII. 131
Meteorology of Bradford for 1892. do. do. XII. 274
Meteorology of Bradford for 1893. do. do. XII. 346
Meteorology of Bradford for 1894. do. do. XII. 474
Meteorology of Bradford for 1895. do. do. XIII. 133
Meteorology of Bradford for 1896. do. do. XIII. 277

PHYSICS.

On the Data for a Comparison between the Heat yielded by Coke and by Coal. By Wm. West... I. 382
On some Phenomena and Experiments upon Capillary Attraction. By T. J. Pearsall, F.C.S... III. 209
On the Application of Electricity to the Arts. By Martyn J. Roberts, F.R.S.E., F.R.G.S... II. 303
On New and Efficient Processes of Magnetic Manipulation. By Rev. Dr. Scoresby, F.R.S... II. 312
On a New Galvanometer, and on some of the Phenomena of Voltaic Currents. By Wm. Sykes Ward... II. 417
On Improvements in the Galvanometer, and on the Comparative Economy of various Voltaic Arrangements. By Wm. Sykes Ward... III. 38
On a New and Cheap Voltaic Battery for the Production of the Electric Light. By Christopher Leefo Dresser... III. 110
On some Phenomena of Dia-magnetism, with Experiments. By Wm. Sykes Ward... III. 114
On the Construction and Performances of the Earl of Rosse's Gigantic Telescope. By Rev. Dr. Scoresby, F.R.S... II. 325
On Vibrations Producing Sound. By Wm. Sykes Ward... II. 230

IRON, MACHINERY, ETC.

On the Effects of Aqueous Vapour in the Atmosphere, as Applied to Blast Furnaces, in the Manufacture of Pig Iron. By Henry Leah... I., ii. 19
Experiments on the Relative Strength of Pig Iron of various Qualities and from different makers, upon Bars 12 inches long by 1 inch square. By Charles Todd... I. 191
On the Presence of Titanium in Blast Furnaces. By Henry Hartop... I. 198
On the Relative Properties of Iron made by the Use of Cold and Hot Air Blast in the Smelting Furnace. By Henry Hartop... II. 2

CAUTER: CLASSIFIED INDEX.

MISCELLANEOUS.

On the Mutual Relations of Animal and Vegetable Existence. By J. D. Heaton, M.D. II. 241

On the more Distinctive Characters of Animals and Vegetables. By J. D. Heaton, M.D. II. 394

Suggestions for the Introduction of the Silkworm into the West Riding of Yorkshire, and more especially a New Species which may be fed on the Teazle Plant. By H. Denny, A.L.S. IV. 165

On the Rotation of the Planets. By Captain A. Drayson, R.A. IV. 205

On the Powers of Disinfecting Agents, as Auxiliary to Sanitary Measures. By William Alexander, M.D. II. 447

On Malaria and Disinfectants. By James Haywood II. 483

On Ivory as an Article of Manufacture. By George Dalton III. 87

On the Policy of Promoting and Encouraging the Growth of Flax in Great Britain and Ireland. By Henry Briggs II. 429

On the Spontaneous Decomposition of Fat. By William Lucas II. 184

On the Supply of Shells, Horns, Bones, and Woods used in the Cutlery Trades of Sheffield. By William Fisher, jun. III. 450

On Local Nomenclature, as Derived from Saxon Settlements in South Yorkshire. By Rev. Scott F. Surtees IV. 446

On the Causes of Different Rates of Mortality in some of the most Populous Towns in the West Riding of Yorkshire. By Rev. William Thorp II. 200

On the Museum of the Society, and on the various objects which it is desirable that it should contain. By T. W. Embleton I. 171

On some Interesting Communications at the Southampton Meeting (1846). By Rev. Dr. Scoresby, F.R.S. II. 339

Addresses. Dr. Hook . I., i. 4
" Rev. Dr. Scoresby, F.R.S. . I., ii. 1
" W. B. Martin . I., iii. 1
" Earl Fitzwilliam . I., iii. 33
" E. B. Beaumont . I. 87
" Rev. Samuel Sharp . I. 145

On the History and Objects of the Society, especially with reference to the History of Selby and the Geology of Selby and the District. By J. T. Atkinson, F.G.S. VII. 52

Address. By Walter Morrison, J.P. VII. 107

Address. By Marquis of Ripon, K.G., F.R.S. VII. 221

Report of the Jubilee Meeting of the Society at Ripon. By James W. Davis, F.G.S. IX. 459

Address at the Jubilee Meeting. Marquis of Ripon, K.G., F.R.S. IX. 464

The Relation between the Central Scientific Societies and the Local ones. By Prof. J. W. Judd, F.R.S. IX. 474

### HISTORY AND BIOGRAPHY

On the History of Leeds before the Norman Conquest. By Thomas Wright, M.A., F.R.S. IV. 359

On the early History of Sheffield. By John James, F.S.A. IV. 405

On the little British Kingdom of Elmet. By John James, F.S.A. IV. 452

Biographical Notices of Eminent Yorkshire Geologists. II., Adam Sedgwick. By T. McKenny Hughes, M.A. VIII. 255

Biographical Notices of Eminent Yorkshire Geologists. IV., Hugh Edwin Strickland, F.R.S. By James W. Davis, F.G.S. XI. 139

On the Future Extension of the Society. By the Marquis of Ripon, K.G., F.R.S. XI. 114

James William Davis. By William Cash, F.G.S. XII. 319

In Memoriam. Professor William Crawford Williamson, LL.D., F.R.S. By William Cash, F.G.S. XIII. 95
In Memoriam. Professor A. H. Green, F.R.S., F.G.S. By Professor L. C. Miall, F.R.S. ... XIII. 232
In Memoriam. Thomas Hick, A.L.S., B.Sc. By William Cash, F.G.S. ... XIII. 234
In Memoriam. Thomas Tate, F.G.S. By W. Lower Carter, M.A., F.G.S. ... XIII. 350
