

CONTENTS OF VOLUME III.

	Page.
MEETING AT WAKEFIELD, March 8th, 1849—	
“ On the Fossil Flora of the Carboniferous Epoch, with especial Reference to the Yorkshire Coal Field,” by Mr. Henry Denny, A.L.S., of Leeds	1
“ On Improvements in the Galvanometer, and on the Comparative Economy of various Voltaic Arrangements,” by W. Sykes Ward, Esq., of Leeds	38
“ On a Remarkable Boiler Crust, composed of Sulphate of Lime,” by Wm. West, Esq., F.R.S., of Leeds	59
MEETING AT DONCASTER, August 29th, 1849—	
“ On the Formation and Destruction of Limestone, and some of the Minerals which accompany it,” by James Haywood, Esq., of Sheffield	61
“ On the Growth and Manufacture of Chicory,” by George Wilkinson, Esq., of Broom Hall, near Sheffield	75
“ On Milk, as an Agricultural Production and an Article of Food,” by James Haywood, Esq.	78
“ On Ivory, as an Article of Manufacture,” by George Dalton, Esq., of Sheffield	87
“ On the Growth of Wheat in Relation to Climate and Temperature,” by the Rev. William Thorp, of Misson	98
MEETING AT HALIFAX, June 6th, 1850—	
Address of the Chairman	109
“ On a new and cheap Voltaic Battery for the production of the Electric Light,” by Mr. Christopher Leefe Dresser, of Leeds ...	110
“ On some Phenomena of Dia-Magnetism, with Experiments,” by William Sykes Ward, Esq., of Leeds	114
MEETING AT BARNESLEY, October 29th, 1850—	
Statement of Accounts	138
“ Comparative View of Circumstances attending some of the Explosions in Coal Mines,” by William West, Esq., F.R.S., Assoc. Civ. Eng., of Leeds	138

	Page.
“On the Existence of Four Crystalline Species of Carbon,” by H. C. Sorby, Esq., F.G.S.....	159
“On a New Gas Stove,” by William Sykes Ward, Esq.	168
“On the Excavation of the Valleys in the Tabular Hills, as shown by the Configuration of Yedmandale, near Scarbro’,” by H. C. Sorby, Esq.	169
“On Fuel: its Nature, Value, and Application,” by W. L. Simpson, Esq., C.E., Thurnscoe Hall, Doncaster	173
 MEETING AT SHEFFIELD, June 5th, 1851—	
“On the Microscopical Structure of the Calcareous Grit of the Yorkshire Coast, by H. C. Sorby, Esq., F.G.S.....	197
“On the Use of the Barometer in Coal Mines, and a Cheap Form of Instrument for that Purpose,” by Wm. Sykes Ward, Esq., F.C.S., of Leeds	206
“On some Phenomena and Experiments upon Capillary Attraction,” by Mr. Thomas J. Pearsall, F.C.S., of Leeds	209
 MEETING AT BRADFORD, October 17th, 1851—	
Statement of Accounts	213
“Description of a Direct-Acting Steam Fan for the Better Ventilation of Coal Mines,” by J. Nasmyth, Esq., of Patricroft, Manchester	214
“Description of the Fan erected for the Ventilation of the Heming- field Pit, belonging to Earl Fitzwilliam, at Elsecar,” by B. Biram, Esq.	215
“Description of an Improved Safety Valve for Steam Boilers,” by J. Nasmyth, Esq., C.E.....	218
“On the Contorted Stratification of the Drift of the Coast of York- shire,” by H. C. Sorby, Esq., F.G.S.	220
 MEETING AT HUDDERSFIELD, April 15th, 1852—	
“On a Method of Evacuating Coal Mines of Inflammable Gas,” by Dr. Bodington, of Sutton Coldfield	225
“On the Oscillation of the Currents drifting the Sandstone Beds of the South-East of Northumberland, and on their General Direc- tion in the Coal Field in the Neighbourhood of Edinburgh,” by H. C. Sorby, Esq., F.G.S., Sheffield	232
“On Certain Cavities in the Limestone District of Craven,” by Mr. Theodore West.....	240
“On the Diluvial and Gravel Beds of Yorkshire and Nottingham- shire,” by the Rev. W. Thorp, of Misson Vicarage, Bawtry	244
 MEETING AT LEEDS, December 15th, 1852—	
Address of the Chairman, John Hope Shaw, Esq., of Leeds.....	253

	Page.
Statement of Accounts	257
“Extracts from Miscellaneous Observations on the Manufacture of Iron, and especially on Certain Qualities and Properties of Malleable Iron,” by Richard Solly, Esq., of the Leabrook Iron Works, Staffordshire, and of Sheffield	257
“On the Chemical Preparation of Flax for Manufacturing Purposes,” by Mr. Thomas John Pearsall, F. C. S., Consulting Chemist to the North Lincolnshire Agricultural Society, &c.	272
MEETING AT DONCASTER, August 24th, 1853—	
“On a New Thermostat for Regulating Ventilation,” by William Sykes Ward, Esq., of Leeds	297
“On the Origin of Slaty Cleavage,” by H. C. Sorby, Esq., F. G. S., of Sheffield	300
“A Description of the Hydrostatic Machinery at Great Grimby Docks,” by George Broadrick, Esq., C. E., of Hamphall Stubbs, Doncaster	312
“On the Discovery of Hippopotamic and other Remains in the Neighbourhood of Leeds,” by Mr. H. Denny, A. L. S., Leeds ...	321
MEETING AT HALIFAX, Nov. 8th, 1854—	
“On the Application of Peat and its Products to Manufacturing, Agricultural, and Sanitary Purposes,” by E. H. Durden, Esq., F. C. S., Airedale Chemical Works, Hunslet, Leeds	339
“On Williamson’s Improved System of Colliery Ventilation,” by Mr. W. H. J. Traice, of Leeds.....	366
MEETING AT WAKEFIELD, March 7th, 1855—	
“On the Motions of Waves, as Illustrating the Structure and Formation of Stratified Rocks,” by H. C. Sorby, Esq., F. G. S., of Sheffield	372
“On the Essential Conditions of the Metamorphoses of Rocks,” by E. W. Brayley, Esq., F. R. S., F. G. S., of London	379
“On the Structural Character of Rock, and of Mineral Deposits, as effected by Electricity,” by Robert Hunt, Esq., F. R. S.	380
MEETING AT PONTEFRAC T, May 29th, 1855—	
“On New Materials for the Manufacture of Paper,” by E. H. Durden, Esq., F. C. S.	387
“On the Ironstones in the Oolite District of Yorkshire,” by the Rev. William Thorp, Vicar of Misson	394
“On the Claims of the Gigantic Irish Deer to be considered as Contemporary with Man,” by Mr. H. Denny, A. L. S., &c.	400
“On a New System of Puddling Iron by Steam,” by James Nasmyth, Esq., C. E., Patricroft	440

	Page.
MEETING AT LEEDS, December 13th, 1855—	
Officers, Council, and Treasurer's Account	445
"On Messrs. Robinson and Co's. Smoke Consuming Apparatus," by Mr. Armytage	446
"Observations on a new Boring Machine for Artesian Wells and other Purposes," by R. Carter, Esq., C. E., of Halifax	449
"On the supply of Shells, Horns, Bones, and Woods, used in the Cutlery Trades of Sheffield," by William Fisher, Jun., Esq., of Sheffield	450
MEETING AT SHEFFIELD, July 30th, 1856—	
"On the Origin of the Cleveland Hill Ironstone," by H. C. Sorby, Esq., F. R. S., F. G. S.	457
"On the Purification of Lead by Crystallisation," by Wm. Baker, Esq., of Sheffield.....	461
"On the Remains of a Primitive People in the South-East Corner of Yorkshire; with some remarks on the Early Ethnology of Britain," by Thomas Wright, Esq., M. A., F. S. A., &c., Cor- responding Member of the Imperial Institute of France	465
"On Some Works of Man Associated with the Remains of Extinct Mammals, in the Aire Valley Deposit," by Thos. Pridgin Teale, Esq., F. L. S., of Leeds	482
MEETING AT LEEDS, January 22nd, 1857—	
"Remarks on some Coins Discovered near Warter, and Presented by Lord Londesborough to the Museums of the Yorkshire Philo- sophical Society, and the Leeds Literary and Philosophical Society," by the Rev. John Kenrick, M. A.	495
"On the Fragments of Crosses discovered at Leeds, in 1838," by the Rev. Daniel Henry Haigh, of Erdington.....	502
"Observations on a Cross found in the Old Parish Church at Leeds," by R. D. Chantrell, Esq., Architect, of London	534
"Notice of the Skull of a Dog Exhumed from the Alluvial Gravel of Norwich, in 1851," by Mr. H. Denny, A. L. S.	538
MEETING AT BARNSELY, July 16th, 1857—	
"On some Ancient Barrows, or Tumuli, recently Opened in East Yorkshire, by Thomas Wright, Esq., M. A., F. S. A., &c. &c. ...	545
"On the Crag Deposit at Bridlington, and the Microscopic Fossils occurring in it," by H. C. Sorby, Esq., F. R. S., F. G. S., of Sheffield	559
"On Colliery Ventilation," by Richard Carter, Esq., C. E., of Long Carr, Barnsley	562

	Page.
“ On the Mixed use of Davy Lamps and Naked Lights in Coal Mines,” by E. W. Binney, Esq., F.R.S., F.G.S.	577
“ A Sketch of Barnsley, its Mineral and Manufacturing Products, and Natural History, by Mr. Thomas Lister, of Barnsley	580
 MEETING AT HUDDERSFIELD, November 5th, 1857—	
“ On an Improvement in Pressure Gauges,” by W. H. Bartholomew, Esq., C.E., Resident Engineer, Aire and Calder Navigation.....	590
“ Observations on the Best Mode of Working and Ventilating Coal Mines, by J. Brakenridge, Esq., of Sandal Hall, Wakefield	592
“ On the Remains of an Ancient Bloomery, at Lochgoilhead, Argyleshire,” by Mr. Kyle.....	605
 MEETING AT LEEDS, January 28th, 1858—	
Statement of Accounts	610
“ On the Discovery of Roman Remains at Filey,” by Dr. Pritchard, of Filey	610
“ An Account of some Experiments with the Steam Jet as a Ventilator for Mines,” by Mr. F. H. Pearce, C.E., of Bowling, near Bradford	615
“ On the Ventilation of Mines,” by Mr. J. Jebson, Mining Engineer, Mold Green, near Huddersfield	621
 MEETING AT BRADFORD, December 8th, 1858—	
“ On the Alluvial Lands, and Submarine Forests of Lincolnshire,” by the Rev. Edward Trollope, M.A., F.S.A., &c., of Leasingham	637
“ Notice of the Discovery of a British Dagger found at Woodnook, near Wakefield,” by Thomas Wilson, Esq., of Leeds	654
“ On the Lead Mining Districts of Yorkshire,” by Stephen Eddy, Esq., of Carleton Grange, Skipton	657
“ On the Yorkshire Flagstones and their Fossils,” by Samuel Baines, Esq., Holroyd House, Lightcliffe, near Halifax	663
 MEETING AT LEEDS, March 17th, 1859—	
Statement of Accounts	668
“ The Structure and Origin of the Millstone-grit of South Yorkshire,” by H. C. Sorby, Esq., F.R.S., F.G.S., of Sheffield	669
“ On the Formation of Hail, Illustrated by some Local Storms,” by the Rev. W. R. Bowditch, of Wakefield	675
“ On the Basaltic formation of the South Staffordshire Coal Field,” by Charles Twamley, Esq., F.G.S., &c., of London	691
“ Statistical Returns of the Mineral Produce of Yorkshire, for the year 1857,” by Robert Hunt, Esq., F.R.S., Keeper of the Mining Records	696
